LANGUAGES

English (Fluent) — **French** (Fluent) — **Arabic** (Intermediate) — **Spanish** (Beginner)

PROFESSIONAL SUMMARY

Dedicated **Software Developer** and **Teaching Assistant** passionate about building scalable, user-centric systems and empowering learners through technology. Strong leadership, analytical thinking, and mentoring skills with experience across academia, community, and development projects.

EXPERIENCE

Teaching Assistant — Web Technology & Internet

Adventist University of Central Africa — Sep 2025 - Present

- Conduct tutorials and labs in HTML, CSS, JavaScript, React, and Tailwind CSS.
- Support students in backend projects using Spring Boot, Spring Security, and Hibernate.
- Assist in deployment using Render, Netlify, and Vercel.

Trainee — The Gym Rwanda

Kigali, Rwanda — Nov 1, 2024 - Present

Rwanda's top-tier software engineering accelerator focused on agile, team-based, and production-level development.

- Hands-on practice in **TypeScript, JavaScript, React, Node.js, Express, and Tailwind CSS**.
- Gained mastery in **Agile methodologies** and **Scrum**, including task decomposition, sprint planning, and Trello-based project tracking.
- Applied **collaboration best practices** — Git workflow, commits, pull requests, and code reviews.
- Practiced **pair programming** and **mob programming** to strengthen team productivity.
- Developed **technical research, writing, and presentation skills** through tutorial creation and project briefs.
- Cultivated **effective time-management, communication, and self-reliability** across international teams.
- Focused on **professional growth**, including leadership, briefing absorption, and continuous learning.

Intern Nurse — Hôpital Militaire de Garnison

N'Djamena, Chad — Aug 10 - Oct 10, 2022

- Supported patient management and digital data documentation.
- Assisted in emergency and general healthcare operations.

VOLUNTEERING

Volunteer Coach — The Gym Rwanda

Kigali — Apr 11 - Sep 29, 2025

- Mentored trainees in React, Node.js, and teamwork-based projects.
- Facilitated coding sessions and Agile collaboration.

Volunteer — Red Cross Chad

N'djamena, Chad — 2022 - Present

- Conducted humanitarian response and first-aid initiatives.
- Organized health awareness campaigns and logistics.
